### Line Items

Product / Service	Quantity	Price	Subtotal	Tax	Total
<b>Concrete Installation</b> Preparation & Application	1.00	\$14,500.00	\$14,500.00	\$0.00	\$14,500.00
<ul style="list-style-type: none"><li>• <b>Site preparation:</b> We will clear the area and grade it to ensure proper drainage for your concrete structure.</li><li>• <b>Formwork:</b> We'll use wood, metal, or plastic frames to shape the concrete structure to your specifications.</li><li>• <b>Reinforcement:</b> We'll add steel bars or mesh to reinforce the concrete and prevent cracking, ensuring your structure is strong and durable.</li><li>• <b>Pouring the concrete:</b> We'll mix and pour the concrete into the formwork.</li><li>• <b>Curing:</b> We'll keep the concrete moist and at the proper temperature to ensure it sets properly and doesn't crack.</li><li>• <b>Finishing:</b> Once the concrete has fully set and cured, we'll remove the formwork, leaving a visually appealing finished structure that's ready to use</li></ul> <p>We understand that each project is unique, so we'll tailor our services to meet your specific needs. Our experienced contractors can provide a range of services, including site preparation, formwork, finishing, and sealing, to ensure your finished structure meets your expectations.</p>					
<b>ACCEPTED Option - Concrete Sealing</b>	1.00	\$2,500.00	\$2,500.00	\$0.00	\$2,500.00
<ul style="list-style-type: none"><li>• We can apply the sealer to both new and existing concrete structures, such as driveways, patios, and sidewalks, to help extend their lifespan and improve their durability.</li><li>• Concrete sealers come in different types, such as acrylic, epoxy, and penetrating sealers, and can be transparent or colored to enhance the appearance of the concrete and protect it from stains and discoloration.</li><li>• To seal your concrete surface, we will clean and prepare the surface to ensure that the sealer can bond properly and provide maximum protection. We will then apply the sealer and allow it to dry and cure according to the manufacturer's instructions.</li><li>• Sealing your concrete is a smart investment that can help you avoid costly repairs down the line and keep your concrete surface looking great for years to come.</li></ul>

### Terms and Conditions

#### Contract for Concrete Services:

1. **Scope of Work:** The contractor agrees to provide concrete installation services as specified in the contract, including site preparation, formwork, reinforcement, pouring, and finishing of the concrete structure.
2. **Payment Terms:** The homeowner agrees to pay the contractor the agreed-upon amount for the services rendered, as outlined in the contract, within 30 days of the completion of the work.
3. **Change Orders:** Any changes to the scope of work must be agreed upon in writing and signed by both parties. The contractor reserves the right to charge for additional work outside the scope of the original agreement.
4. **Warranties:** The contractor warrants that all work will be performed in a professional manner and in accordance with industry standards. The contractor further warrants that all materials used will be of good quality and free from defects. Any defects or deficiencies in the workmanship or materials shall be corrected by the contractor at no additional cost to the homeowner.
5. **Liability:** The contractor shall be liable for any damage to the property or personal injury caused by the negligence or willful misconduct of the contractor or its employees.
6. **Insurance:** The contractor shall maintain general liability insurance and workers' compensation insurance with minimum limits of \$1 million per occurrence and \$2 million aggregate.
7. **Termination:** Either party may terminate the contract at any time by giving written notice to the other party. The homeowner shall be responsible for paying the contractor for any work completed up to the termination date.
